

Hello.

My Name is Colin Reeve. Brattleby was my home from 1942 to about 1953 my father William worked for Mrs Wright at Brattleby Hall. My schooling started at Scampton C of E school. Mrs Thompson being Head Mistress. Brattleby had at that time a post office run by the Heath family. Bruce Heath was a friend and his sisters Janet and Rita were both friends of my father's Brother Laurence. I remember the Melton Family very Arthur and Laurence were very good friends and keen motorcyclists. Arthurs sister Audrey went to Scampton school with me. I also have very memories of the Westrop family also george Brader who was employed by Westrops, Caroline Westrop taught me to ride a horse but 60 years later I have not been in the saddle. Other Brattleby residents that I remember is Mr Key who was a bee keeper Shep Holden, Dr Monteeth. Suttons the farmers who if my memory serves me right were the first in Brattleby to have a TV. I remember Des Sutton inviting me to watch it. I have lots of memories of this lovely Village I thank you for this opportunity to relive some of my childhood

Regards Colin Reeve
